

## **Reopening Corning Event Parking June 11, 2020**

The City of Corning will be closing Market Street (Wall to Chestnut) and Pine Street (Market to Burmese) to accommodate the Gaffer District's Reopening Corning Event from June 12, 2020 at 6:00 am through August 2, 2020 at 8:00 am.

Due to the loss of on-street parking spaces, the Gaffer District will leave the gates open on the Centerway Parking Garage to provide additional capacity. In addition, Corning Community College will allow downtown employees to park in the CCC lot located at the Corner of E. First Street and Chemung Street. This lot will provide approximately 50 additional spaces. The City also wants to remind downtown employees that municipal lot #1 adjacent to McDonald's is a free lot intended for employee parking. Municipal Lot #1 has 62 spaces.

During the last few months, the Police Department has been monitoring downtown lots, but has not found it necessary to make enforcement efforts due to minimal use. Now that business activity is increasing, please expect to see parking enforcement officials more regularly.

Customers parking in the central downtown lots, can make payment using the parking app on their smart phones. These electronic centralized meters also take debit/credit cards and coins. These payment options will make parking much more convenient for shoppers.

The parking app can be found on the iPhone and Android app stores. People interested in the app should search for "mPay2Park".
